

Comprehensive Plan Issues

Character Area: Established Residential

Description: Typically an older neighborhood having relatively well-maintained housing, possessing a distinct identity through architectural styles, lot and street design, and having higher rates of home-ownership. These areas are typically located closer to the core of the community and may be located next to areas facing intense development pressures.

Development Strategy: Focus should be on reinforcing stability by encouraging more homeownership and maintenance or upgrade of existing properties. Vacant properties offer opportunity for infill development of new, architecturally compatible housing. Strong pedestrian and bicycle connections should be provided to enable residents to walk/bike to work, shopping, or other destinations in the area..
