

Comprehensive Plan Issues

Character Area: Established Residential

Description: Typically an older neighborhood having relatively well-maintained housing, possessing a distinct identity through architectural styles, lot and street design, and having higher rates of home-ownership. These areas are typically located closer to the core of the community and may be located next to areas facing intense development pressures ..

Development Strategy: Focus should be on reinforcing stability by encouraging more homeownership and maintenance or upgrade of existing properties. Vacant properties offer opportunity for infill development of new, architecturally compatible housing. Strong pedestrian and bicycle connections should be provided to enable residents to walk/bike to work, shopping, or other destinations in the area.

Goals and Policies:

GOAL 3: HOUSING – To ensure access to adequate and affordable housing options for all residents in all income levels.

Objective 3.2.3 – Protect well established neighborhoods from incompatible uses.

GOAL 4: NATURAL AND CULTURAL RESOURCES – To provide for the continued protection of our natural and cultural resources for current and future generations.

POLICY 4.4 –The continued protection and utilization of historic resources shall be encouraged and actively supported.

GOAL 7: LAND USE – To ensure the community's anticipated growth occurs in a well-integrated yet organized fashion, which protects our community resources, promotes efficient use of infrastructure and transportation facilities, and supports quality economic development

POLICY 7.4 – Positive impacts on the built and natural environment shall be anticipated through only the highest standard of development throughout all parts of the community.

Standards for the Exercise of Zoning Power (Review Criteria)

In reviewing and making a decision on a rezoning request, the City staff, Planning Commission and City Council shall consider the following standards. The proposed responses to these standards by the applicant and staff are listed below.

(1) Whether a proposed rezoning will permit a use that is suitable, in view of the use and development of adjacent and nearby property.	
Applicant:	Yes.
Staff:	Yes. The proposed zoning change is compatible with the overall land use and residential density patterns of the area.
(2) Whether a proposed rezoning will adversely affect the existing use or usability of adjacent or nearby property.	
Applicant:	No.
Staff:	No adverse impact.
(3) Whether the property to be affected by a proposed rezoning has a reasonable economic use as currently zoned.	
Applicant:	No..
Staff:	Yes. However, one of these properties is currently a “nonconforming lot of record” since it is too small to meet DR-10 standards – but does meet the standards of R-6.
(4) Whether the proposed rezoning will result in a use that will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities or schools.	
Applicant:	No.
Staff:	No adverse impact.
