

- (B) Accommodate a mixture of uses and/or development patterns which are compatible both internally and externally through limitations on building orientation, architecture, site layout, buffering, signage control, or other techniques which may be appropriate to a particular development proposal.
- (C) Encourage flexible and creative concepts of site development design which meet changing needs, technologies, market economics and consumer preferences.
- (D) Permit the combining and coordinating of architectural styles, building forms and building relationships within a Planned Development.
- (E) Preserve natural amenities of the land by encouraging scenic and functional open areas.
- (F) Encourage an efficient use of land, where appropriate and beneficial to the City, resulting in smaller networks of streets and utilities thereby lowering development and housing costs.
- (G) Maintain consistency with the Goals, Policies, Future Development Character Areas, and related Community Agenda elements of the Comprehensive Plan.
- (H) Maintain general integrity and compatibility with the underlying zoning districts and their prescribed standards of use and development density.

Section 218-13 Standards of Use and Development (N) Daycare Facility – (all sizes) adults or children

- (1) The use shall comply with all applicable state day care requirements for standards, licensing and inspections..
- (2) The use must provide at least 100 square feet of outdoor recreation and play area per one-third (1/3) of the center's licensed capacity for children..
- (3) The outdoor play area must be enclosed with a 4-foot high fence.
- (4) The use shall provide paved driveways with drop-off areas and turnarounds to be reviewed by the City Engineer so that traffic associated with the use does not impede the flow of traffic on adjacent streets. Pick-up and drop-off shall be conducted on the property and not in the public right-of-way.
- (5) Day Care Facilities with more than 18 children must have direct access to a collector or arterial street as classified in the most recent GDOT Functional Classification System for the City of Valdosta.
- (6) If located in a single-family residential zoning district, the operator of the facility shall reside on the premises and the use shall maintain a residential appearance compatible with the neighborhood and not be detrimental to adjacent residential properties as a result of traffic, noise, light, refuse, parking or other activities..

Development Review Comments

The following comments are provided by the reviewing departments and are only intended to provide the developer with useful information for planning purposes. This list should not be considered all-inclusive as additional items may appear during the plan review process.

Building Plan Review: No comments

Fire: No comments.

Engineering: No comments

Landscape: Development must comply with LDR Chapter 328 as applicable comments
