Re: Road Name Request

Dear Mr. Fletcher,

The owners have presented names for the roads that will be completed during Phase 2 in The Landings subdivision. The roads are currently shown as 'Road 3' and 'Road 4' on the plans. Road 3 begins from the culdesac on the southern portion of the property crossing Landings Circle and continues north until the northern intersection with Landings Circle that was developed in Phase 1 of the project. The proposed name for this road will be Cutshaw Trail.

The road currently labeled as 'Road 4' on the plans is the small culdesac road on the south side of Landings Circle at the southernmost entrance to the subdivision. They would like for this road to be named Pearson Way.

At this time, we would like to request that Lowndes County accept 'Cutshaw Trail' and 'Pearson Way' into their infrastructure.

Sincerely,

A handwritten signature in blue ink that reads "Nicholas Clark".

Nicholas Clark
