COUNTY ACTION REQUESTED ON: Val-Tech Booster Station Generator

HISTORY, FACTS AND ISSUES: The Val-Tech booster station transfers potable water from the Kinderlou wells to the North Lowndes area. This is a critical link in our water distribution system that requires backup power. Staff solicited bids for the purchase and installation of a 100KW generator, automatic transfer switch, and concrete pad. One bid was received from Cowart Electric for \$47,500.00. Staff recommends approval to purchase the generator, automatic transfer switch, and concrete pad from Cowart Electric for \$47,500.00.

OPTIONS: (1.) Approve Val-Tech Booster Station Generator.

(2.) Board's Pleasure

RECOMMENDED ACTION: Approve

DEPARTMENT: Utilities

DEPARTMENT HEAD: Steve Stalvey

ADMINISTRATIVE COMMENTS AND RECOMMENDATIONS:
