August 24, 2021

On behalf of PLB Limited Partnership, I would like to submit a formal request to the Lowndes County Engineering Department to close the roads that divide the property formerly owned by Lakewood Farms located at 8580 Salem Church Road, Hahira, GA 31632. The roads that we are requesting closure for include Wells Road extending from GA Highway 122 to the intersection of Salem Church Road and North to the property boundary that borders the property owned by James & Glen Stalvey. We also request closure of Salem Church Road from Old Valdosta Road (Webb Road) to the intersection of Wells Road. We have contacted all adjoining landowners that could be impacted by this road closure and those in support have agreed to sign this request and are listed below. A map identifying the locations of road closures has been included with this request.
