Paula Lemings	2459 New Statenville Hwy Valdosta, GA 31606	paulajlemings@gmail.com	As a child of molestation don't do this to our community. Innocent children lives are at stake. You never heal from sexual abuse. Lock them bastards up somewhere. You can't fix that sickness of evil inside them. Personally I prefer them all killed be it a male or a female that does the abusing. Just kill 'em and put children out of their misery so they can just be kids.	5/31/2022
Robert Ellis	4862 Otter Creek Road Lake Park, Georgia 31636	Robertellis8593@gmail.com	Totally against the location for this facility. Having worked in a State operated Transitional Center I can see that this is being set up for failure. These programs are difficult enough to run with a 24 hour paid staff and volunteers. The location that is being looked at on Howell Road will require a lot of the residents traveling on foot to work and other commitments. We do not need these people traveling on our roads unsupervised	5/31/2022
