

soil, waste, vent or similar piping, electric wiring or mechanical or other work affecting public health or general safety.

**4.1.8 EMERGENCY REPAIRS.** Where equipment replacements and repairs must be performed in an emergency situation, the permit application shall be submitted within the next working business day to the Building Official.

**4.1.9 INFORMATION REQUIRED.** Each application for a permit, with the required fee, shall be filed with the Building Official on a form furnished for that purpose, and shall contain a general description of the proposed work and its location. The application shall be signed by the owner, or his authorized agent. The building permit application shall indicate the proposed occupancy of all parts of the building and of that portion of the site or lot, if any, not covered by the building or structure, and shall contain such other information as may be required by the Building Official.

**4.1.10 TIME LIMITATIONS.** An application for a permit for any proposed work shall be deemed to have been abandoned 6 months after the date of filing for the permit, unless before then a permit has been issued. One or more extensions of time for periods of not more than 90 days each may be allowed by the Building Official for the application, provided the extension is requested in writing and justifiable cause is demonstrated.

## **4.2 DRAWINGS AND SPECIFICATIONS**

**4.2.1 REQUIREMENTS.** When required by the Building Official, two or more copies of specifications and of drawings drawn to scale with sufficient clarity and detail to indicate the nature and character of the work, shall accompany the application for a permit. Such drawings and specifications shall contain information, in the form of notes or otherwise, as to the quality of materials, where quality is essential to conformity with the Construction Codes. Such information shall be specific, and the Construction Codes shall not be cited as a whole or in part, nor shall the term "legal" or its equivalent be used, as a substitute for specific information. All information, drawings, specifications, and accompanying data shall bear the name and signature of the person responsible for the design.

**4.2.2 ADDITIONAL DATA.** The Building Official may require details, computations, stress diagrams, and other data necessary to describe the construction or installation and the basis of calculations. All drawings, specifications, and accompanying data required by the Building Official to be prepared by an architect or engineer shall be affixed with his official seal.

**4.2.3 DESIGN PROFESSIONAL.** The design professional shall be an architect or engineer legally registered under the laws of this state regulating the practice of architecture or engineering and shall affix his official seal to said drawings, specifications, and accompanying data, for the following:

- (a) All Group A, E, and I occupancies as set forth in the International Building Code.
- (b) Buildings and structures three stories or more high.
