

- The updated hazard mitigation strategy shall include a description of mitigation goals to reduce or avoid long-term vulnerabilities to the identified hazards.
 - The plan should describe vulnerability in terms of providing a general description of land uses and development trends within the community so that mitigation options can be considered in future land use decisions.
 - Shall include evaluation and prioritization for any new mitigation action steps
- f) Draft and Final Plans
- SGRC shall prepare an action plan describing how the actions identified will be prioritized, implemented, funded, and administered by the local jurisdictions. Since this is a multi-jurisdictional plan, the SGRC shall prepare identifiable action items specific to each jurisdiction.
 - SGRC shall prepare a draft plan for review by the County, other stakeholders and the public.
 - SGRC shall incorporate comments from the draft plan into the final plan for presentation to the County Commission and City Councils of each participating municipality.
- g) Plan Adoption
- SGRC shall continue to work with the communities through the final adoption and approval phases by local and state government, and FEMA.
 - The plan will be submitted to GEMA for review and recommendation prior to adoption.
 - Once approved by GEMA the plan will be submitted for FEMA review and approval.
 - Upon approval from FEMA, the county and participating municipalities will adopt the plan.
- h) Plan Implementation
- SGRC shall work with Lowndes County to prepare cost estimates for all recommended projects and shall identify possible funding sources to implement recommended projects.
 - Describe other planning mechanisms or ordinances that this plan will be incorporated into.
- i) Plan Maintenance
- SGRC shall include a section describing the method and schedule of monitoring, evaluating, and updating the mitigation plan within a five-year cycle and also how the community public participation in the plan maintenance process.
 - SGRC will include an analysis of whether the previously approved plan's method and schedule for monitoring, evaluating, and updating the plan worked, and what elements or processes, if any, were changed; and discuss the method and schedule to be used over the next five years.
 - Describe how the community was kept involved during the plan maintenance process over the previous five years, within the planning process section of the plan update.
 - The plan maintenance section shall describe how the community will involve the public during the plan maintenance process over the next five years.
