COUNTY ACTION REQUESTED ON: REZ-2025-11 Langdale Capital Assets, Coleman Road,  
~719 ac, C-C, R-1, & CON, to M-1 & CON, County Utilities

---

HISTORY, FACTS AND ISSUES: This request represents a change in zoning on the subject property from C-C (Crossroads Commercial), R-1 (Low Density Residential) and CON (Conservation District) to M-1 (Light Manufacturing) and CON (Conservation District). The general motivation in this case is for the subject property to be developed into a large warehouse type campus.

Proposed access for the subject property is along Coleman Road, a paved County Collector Road. The property is also split by the Norfolk Southern Railroad. The Comprehensive Plan Future Development Map depicts the subject property within the Urban Service Area, with Tract 1 depicted as an Industrial Activity Center Character Area, and Tract 2 mixed between Community Activity Center, Recreation and Conservation, Suburban, and Transportation and Utilities Character Areas.

The TRC analyzed the request, the standards governing the exercise of zoning power set forth in 10.01.05 of the ULDC, and factors most relevant to this application, including the neighboring land uses, the environmentally sensitive wetlands and flood plains, the availability of County Utilities, the potential scale of the proposed development, the review process for a Development of Regional Impact (DRI<sup>[1](#)</sup>), and support of a growing and balanced economy. Therefore, the TRC recommends Approval of the request with the following conditions:

1. There shall be no access to Briarberry Drive and Quail Hollow Circle from the subject property.
2. Should a change in use occur where additional transportation and/or water/sewer infrastructure upgrades are required, the Developer will be responsible for the design, any acquisition of necessary right-of-way, relocation of utilities, and construction costs for the infrastructure improvements.
3. All lots shall front interior roads.
4. A 200' undisturbed buffer shall be required along the Northern and Southern property lines abutting current Residential Zoning District boundaries.
5. Any lighting located on the property shall be shielded and directed to avoid direct illumination of adjacent properties zoned Residentially.
