

§ 12.2 Correction of Construction Work

§ 12.2.1 Before Substantial Completion. The Design-Builder shall promptly correct Construction Work rejected by the Owner or failing to conform to the requirements of the Design-Build Documents, discovered before Substantial Completion, and whether or not fabricated, installed, or completed. Costs of correcting such rejected Construction Work, including additional testing and inspections and the cost of uncovering and replacement, and compensation for any consultant employed by the Owner whose expenses and compensation were made necessary thereby, shall be at the Design-Builder's expense and shall not result in a change in the Contract Time except as otherwise permitted in this Agreement.

§ 12.2.2 After Substantial Completion

§ 12.2.2.1 In addition to the Design-Builder's obligations under Section 3.1.12, if, within one year after the date of Substantial Completion of the Construction Work or designated portion thereof or after the date for commencement of warranties established under Section 9.9.1, or by terms of any applicable special warranty required by the Design-Build Documents, any of the Construction Work is discovered not to be in accordance with the requirements of the Design-Build Documents, the Design-Builder shall correct it promptly after receipt of notice from the Owner to do so unless the Owner has previously given the Design-Builder a written acceptance of such condition. The Owner shall give such notice promptly after discovery of the condition. During the one-year period for correction of the Construction Work, if the Owner fails to notify the Design-Builder of the condition and give the Design-Builder an opportunity to make the correction, the Owner waives the rights to require correction by the Design-Builder and to make a claim for breach of warranty and breach of the standard of care for that condition. If the Design-Builder fails to correct nonconforming or defectively designed Construction Work within a reasonable time during that period after receipt of notice from the Owner, the Owner may correct it in accordance with Section 7.4.

§ 12.2.2.2 The one-year period for correction of Construction Work shall be extended with respect to portions of Construction Work first performed after Substantial Completion by the period of time between Substantial Completion and the actual completion of that portion of the Construction Work.

§ 12.2.2.3 The one-year period for correction of Construction Work shall not be extended by corrective Construction Work performed by the Design-Builder pursuant to this Section 12.2.

§ 12.2.3 The Design-Builder shall remove from the site portions of the Construction Work that are not in accordance with the requirements of the Design-Build Documents and are neither corrected by the Design-Builder nor accepted by the Owner.

§ 12.2.4 The Design-Builder shall be liable for the cost of correcting destroyed or damaged construction of the Owner or Separate Contractors, whether completed or partially completed, caused by the Design-Builder's correction or removal of Construction Work that is not in accordance with the requirements of the Design-Build Documents except as otherwise permitted in this Agreement.

§ 12.2.5 Nothing contained in this Section 12.2 shall be construed to establish a period of limitation with respect to other obligations the Design-Builder has under the Design-Build Documents. Establishment of the one-year period for correction of Construction Work as described in Section 12.2.2 relates only to the specific obligation of the Design-Builder to correct the Construction Work, and has no relationship to the time within which the obligation to comply with the Design-Build Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Design-Builder's liability with respect to the Design-Builder's obligations other than specifically to correct the Construction Work.

§ 12.3 Acceptance of Nonconforming Construction Work

If the Owner prefers to accept Construction Work that is not in accordance with the requirements of the Design-Build Documents, the Owner may do so instead of requiring its removal and correction, in which case the Contract Sum will be reduced as appropriate and equitable. Such adjustment shall be effected whether or not final payment has been made.
