

Agenda Item # 6: Attendance Review

Chairman McCall

All those in favor? It is unanimous for attendance reviews. I think everybody's here, so we're good. Unless anybody has any other business, anything else we need to deal with?

Lauren Hurley

The next GAZA conference is coming up and I have information now to give to you all. It was held last time at Lake Oconee, this time I think it's going to be at Brasstown if anyone would like to go, it was very informative. It's interesting because you get to meet all these administrators from all over the state and get ideas of how it works in other places. So, if anyone's interested, I could send out that information. I have it my budget for one person besides myself.

Trinni Amiot

The county does plan to adopt that first round of dates for our ULDC at the first meeting in July. There's not a lot that will affect this board. But as soon as we have something, we'll email you all.

Agenda Item # 7: Adjournment

Chairman McCall

All right. Unless there's any other business, we are adjourned. Thank you all.

There being no further business, the meeting was adjourned at 3:05 p.m.

Allan Strickland-Vice Chairman
