

Pipeline and Aquifer Vulnerability

Ms. Lauren P. Milligan
Page 4
March 27, 2014

- 2014-03-27:
FL-DEP to FERC
- Basically, there is no safe place for Sabal Trail in north Florida
- (and south Georgia same geology)

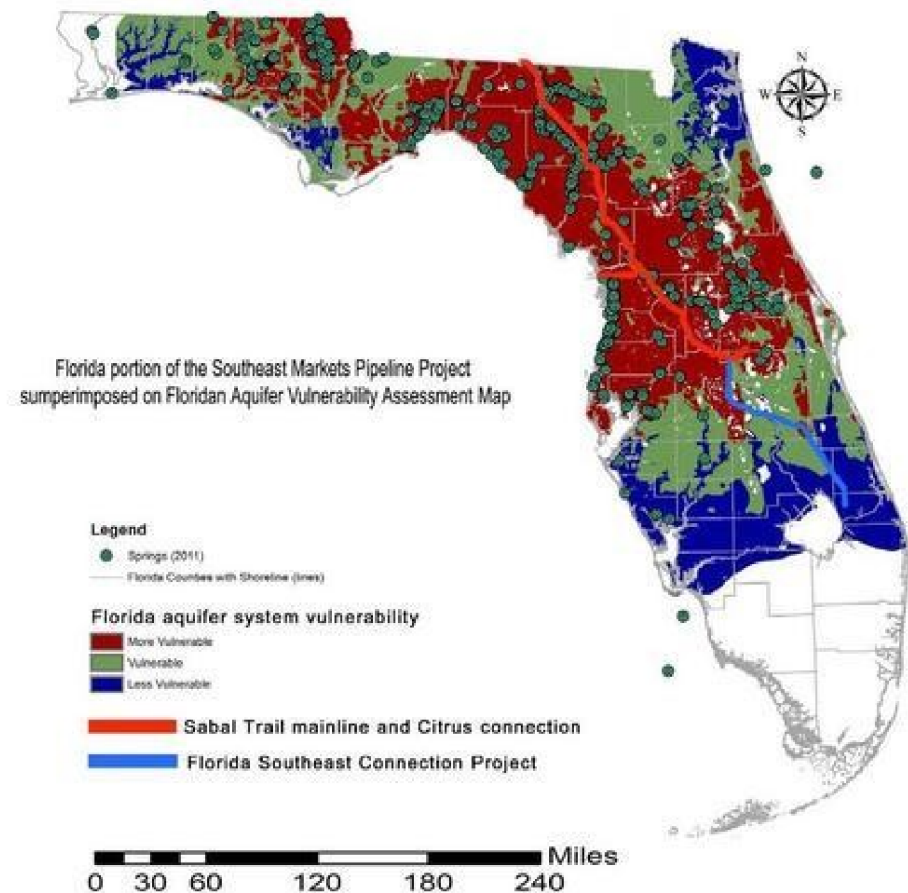

Figure 1: Florida portion of the Southeast Markets Pipeline Project superimposed on Floridan aquifer vulnerability assessment (FAVA) map. FAVA data from: http://www.dep.state.fl.us/geology/programs/hydrogeology/fava_gis_data.htm
