Pipeline and Aquifer Vulnerability

- 2014-03-27: FL-DEP to FERC
- Basically, there is no safe place for Sabal Trail in north Florida
- (and south Georgia same geology)

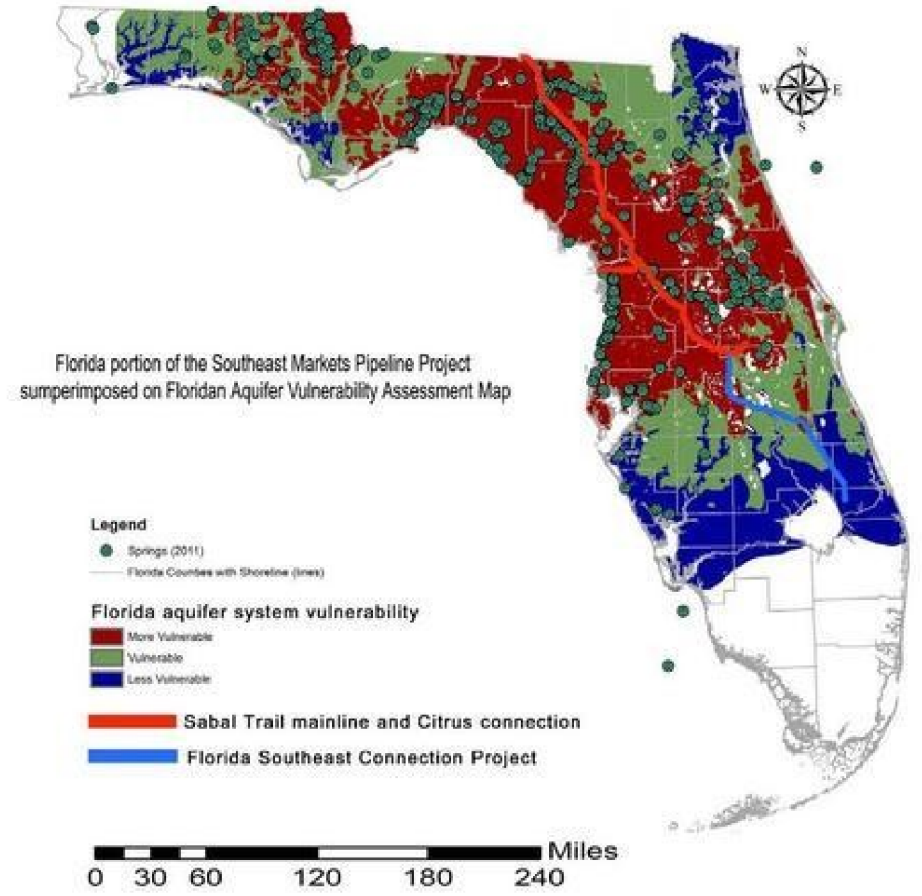

Figure 1: Florida portion of the Southeast Markets Pipeline Project superimposed on Floridan aquifer vulnerability assessment (FAVA) map.
FAVA data from: *http://www.dep.state.fl.us/geology/programs/hydrogeology/fava_gis_data.htm*
