

SOLAR POWER FOR GEORGIA

Join us for an informative presentation and Q&A session about MAGE SOLAR and learn how you can turn Georgia's abundant sunshine into your career and own electric power.

**Lowndes High School
Media Center
Valdosta**

**TUESDAY, MARCH 29
4:00pm**

FREE ADMISSION

- Learn how solar power is homegrown electricity, creating jobs and economic growth in communities across Georgia
- Find out what you can do to reduce energy dependence, costs, and harmful emissions
- Become a part of technology "made in the USA" and explore your career choices at MAGE SOLAR ACADEMY

**Please call 478-609-6790 for information or
